

DOWNEY PRODUCTS, INC. TOOL BOX TONNEAU ORDER FORM

Phone: 800-736-1610

Customer Ordering Procedures:

Step 1: How to measure

- To determine measurement "A", Measure from the rear surface of the toolbox to where you feel the tonneau frame should end on the tailgate
- To determine measurement "B", measure inside to inside.

Step 2: Complete all blanks on order form below.

Step 3: Fax completed order form to **435-752-5777**

Downey ordering procedures:

Step 1: Upon receipt of order, Downey customer service will submit measurements to Downey Tonneau engineers. (Process could take 1 to 2 days)

Step 2: Once measurements are approved, order will be placed, Confirmation # will then be sent to customer via fax or e-mail. (Manufacture process, 5-7 working days)

Step 3: Tonneau will then be shipped. Transit time, depends on location

Step 4: **TOTAL TIME FROM ORDER SUBMISSION TO RECEIPT OF TONNEAU APPROXIMATELY 10-15 DAYS.**

Important:

- Available for SST (slant side tonneau) only.
- Returns not accepted unless manufacturing defect.
- If any information is incorrect, order will be sent back to customer.

*** Starred items are required. If not complete form will be sent back until all information is complete.**
